MARIE TODD & BARRD'S
NEW
ILLUSTRATED
CATALOGUE

Take pleasure in calling attention to the merits of our new illustrated catalogue.

The illustrations are fac-similes of the goods manufactured by us and comprise all the leading styles now made.

Goods of our manufacture have been sold by the principal jewelers and stationers during the past fifty years, which in connection with the fact that the quality has always been maintained, justifies our claim to being strictly first-class manufacturers.

Our goods will always be furnished at the lowest prices compatible with the best materials and workmanship.

By preserving this catalogue you will be enabled to show your customers styles that you do not keep in stock, and we trust that your trade will be greatly increased by it.

All our goods are fully warranted.
